Supporting Our Emancipated Youth this Holiday Season

As you know we support many foster youth during the holiday season and work with the community to fulfill their wishes and dreams. This year we accepted wishes from local emancipated youth as well who really need our help. In our community there is a continual effort to provide former foster youth with as much support as we can provide as they receive very little once they turn 18. Please review our [Simple Heroes website](#) to review these wishes. They vary widely and may seem like very simple requests. But to these youth any support you could provide this holiday season would mean everything to them.

To support these youth or any of our other foster youth and their wishes this season you have

several options:

- Donate any amount online by clicking on the heart next to their wish and our staff will follow up with you.
- Purchase the item yourself and deliver to our office for the youth. Be sure to email our staff so we know that you are sponsoring that youth.
- Provide services or items requested for free if you have access to them.

We understand the economic struggles that most people are facing right now. But the support we have received from many of you has been simply amazing and we cannot thank you enough. Thanks for finding a way in these tough times...

Need More Help Plug (Sorry we need it)

If you have the time, energy or resources please help however you can. This year we are working with 150 youth and need as much help as we can get. Donating \$5 or just telling your friends about our efforts helps a lot. I know that with your support we can provide each of these children a meaningful gift this year...

I hope you are all enjoying a wonderful holiday season!

Sincerely,

Nick Cunningham and the Generation Fate Team

The primary goal of Generation Fate is to instill vital self-confidence in our foster youth. By providing these children with consistent positive relationships, access to enrichment programs, supplemental education, and the support of a loving community, we will become an agent of change in the lives of America's foster children.
